- Best and/or worst presentations?
- Exhibition (Booths, Presentations/Demos, etc.)

It was all ok too.

Best were the informal talks between the presentations

For the next time pay attention to the reproduction, if presentations were performed in parallel

Best presentation from my point of view was S3000L from Peter Eichmüller

YOUR FEEDBACK

What did you enjoy most? What could we do better?

1. Host AAA

- Preliminary Information (Website, Email, etc.) *quite good... a lot mail 2 weekshfore to confirm info that would have been great.*
- Registration, Fees & Check-In *good*
- Participant support (Booklet, Floorplan, Bag, Badge, etc.) *Very Good*
- Overall Schedule & Social Events (Welcome, Wine Tavern, Farewell) *Very Good*
- Other support (List of Attendees, Security, Speakers Gifts, etc.) *Very Good*
- Tourist Information & Other Feedback (Sponsors, etc.) *Good*

2. Locations

- Conference Venue and technical equipment (WLAN, Audio, Video, etc.)
- Buffet lunch, coffee breaks and Conference Hall drinks
- Other feedback about the hotel (Rooms, Accessibility, Bar, etc.)
- Social Events Locations & Buffet

*Facilities, meals & breaks very good.
Would have liked every beverage to be free at lunch & have water during break.*

*Rooms expensive but very comfortable -
Social events: too long to get food (buffet only) at the tavern. but very good!*

3. Technical Agenda & Exhibition

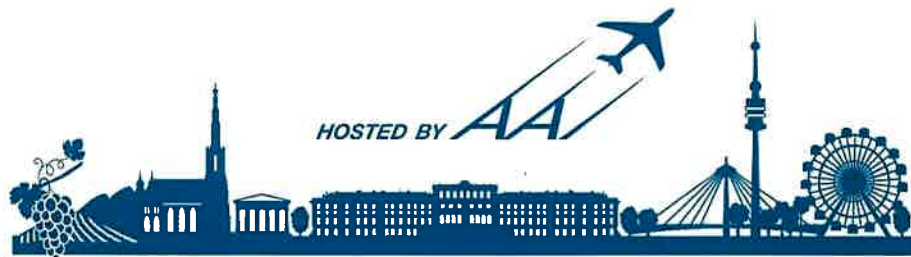

- Technical Agenda (Theme, Focus, Tracks, etc.) – User Forum & S-Day
- Presentations (Focus, Quality, Duration, etc.)
- Documents (Slides etc.)
- Best and/or worst presentations?
- Exhibition (Booths, Presentations/Demos, etc.)

Agenda was well balanced. Difficult to change conference rooms hope to a presentation to another because the timing was not always the same from Hall A to Hall B.

Presentation of sponsors not at the same level than others. The worst was SDL: too long & not innovative at all!

Hope slides will be available on the web site.
