1. Host AAI (A)

– **Preliminary Information (Website, Email, etc.)** — *perfect, go ahead*
– **Registration, Fees & Check-In** — *Perfect*
– **Participant support (Booklet, Floorplan, Bag, Badge, etc.)** – *thanks a lot*
– **Overall Schedule & Social Events (Welcome, Wine Tavern, Farewell)** — *great*

– **Buffet lunch, coffee breaks and Conference Hall drinks** — *good (see below)*
– **Other feedback about the hotel (Rooms, Accessibility, Bar, etc.)** – *thanks for a place with possibilities to park your car!*
– **Social Events Locations & Buffet**

↳ quality: great
but: where is the problem to have a cup of coffee after lunch
— and in the after noon after the session? only some beans?

---

3. Technical Agenda & Exhibition (B)

→ ┌→ too much "ads"

– **Technical Agenda (Theme, Focus, Tracks, etc.)** – User Forum & S-Day *but: some product presentations have been good*
– **Presentations (Focus, Quality, Duration, etc.)** — *great / quality ↗ but ↘*
– **Documents (Slides etc.)** *o.k.*
– **Best and/or worst presentations?** *best: Claudio Buccini / worst: Thomas Burger & Walter Scharlau*
– **Exhibition (Booths, Presentations/Demos, etc.)**

↳ great, good quality, great conversations, good people

Missing: an „expert panel" – where new concepts can be discussed in deep

Why are you guys not interested on how the attendees use S1000D?

↓ presentations should be done by their „owners"

↓
Some of us use the standards S-Day (E) *for many years in different projects!*
